ACADEMIC DETAILS

B Tech (Information Technology)	2022-2026	MMMUT, Gorakhpur	7.17/10.0
Class XII (UP board)	2021	Pioneer Montessori Inter College	74%
Class X (UP board)	2019	Pioneer Montessori Inter College	85%

INTERNSHIP/EXPERIENCE

Frontend developer InternD2K Technologies18th June 2024-Present

- Collaborated with a cross-functional team to build a FastAPI-powered data-subscription platform
- Engineered responsive UI components with React, TypeScript, OpenAI API, and TanStack Query, integrating backend services to handle data for 1000+ companies seamlessly, boosting performance without increasing load times.
- Cut page load time by 35%, optimizing API performance to deliver a faster, seamless user experience.
- Currently designing and developing frontend features for Bank of Baroda’s LAB system using Angular 18.2 and NgRx Signal Store.

Freelance Work30th Aug 2023-Jan 2024

- Project Link: https://redditchsmilecare.co.uk/
- Designed and developed an extensive website for dental organization with a polished user interface using HTML, CSS, and JavaScript.
- Created and optimized 14+ responsive web pages, ensuring cross-browser compatibility
- Optimized the page for fast loading times and cross-browser compatibility using SEO best practices

PROJECTS

FlipZoneDec 2023-Jan 2024

- Project Link: https://architflipzone.vercel.app/ Project Link: https://github.com/SrivastavArchit/FlipZone
- Built a sleek, user-friendly product browsing interface, boosting engagement with intuitive navigation.
- Streamlined "Add to Cart" functionality, delivering real-time cost updates for a seamless shopping experience.
- Enhanced UI with smooth animations, leveraging Framer Motion and GSAP for dynamic user interactions.

BudgetBuddyMarch 2024-April 2024

- Project Link: https://budgetbuddy-archit.vercel.app/ Project Link: https://github.com/SrivastavArchit/expenseTracker
- Developed an expense tracker with features for seamless tracking of income and expenses, including a budget feature to monitor spending progress within set limits.
- Integrated Firebase for secure authentication and dynamic visualizations, showcasing spending trends via charts.
- Optimized user experience with efficient sorting, searching, and pagination for fast, reliable data access.

ACHIEVEMENTS

- Currently leading the frontend development team for the past 2 months
- Solved more than 200+ problems on Leetcode. [profile]
- Participated in 24hour Hackfest’2022 conducted in the college.
- Participated in SIH’23 and SIH’24, secured 2nd rank in the college.

SKILLS

Technical:

- Languages: C, C++, MySQL, Postgres, HTML, CSS, Javascript, Typescript, MongoDB, Python
- Framework: Next Js, Angular, Tailwind CSS, Aceternity UI, Express.js, Node.js.
- Developer Tools: Git, Github, VS Code, Firebase
- Libraries: React Js, Framer Motion, GSAP, Three Js, Redux, Redux Toolkit.

Curriculum: Data Structures & Algorithms, Software Engineering, OOPs, Operating System, DBMS, Computer Network, Cloud Computing, Computer vision

Interests:

- Three Js, Blender, React three Fibre, MCP Servers
- Debugging and performance tuning

EXTRACURRICULAR

- Passionate about chess; rated 1500+ on Chess.com.
